

PREMIUM GOURMET COFFEE

WHY ON DEMAND LIQUID COFFEE?

With more than 25 years in coffee product development and production, Aspen Beverage Group has pioneered the highest quality On Demand Liquid Coffee Concentrate for any office coffee, retail, or food service operation. The secret is Aspen's proprietary TRIO™ Extraction Technology, a combination of engineering and food technology that produces fresh brewed coffee flavor and aroma. The result is a premium cup of delicious coffee with clean notes, a long shelf life, and trouble-free dispensing.

THE BEST FLAVOR IN THE INDUSTRY

- Aspen starts with the highest quality coffees roasted to perfection.
- Aspen's TRIO™ Extraction Technology uses low temperature and low pressure to preserve the flavor and extend shelf life.
- Aspen Premium Gourmet Coffee is packaged with state of the art equipment using a nitrogen purge and vacuum seal to ensure freshness.
- **The result is a great cup of coffee every time, all the time. No surprises!**

EASY RESULTS

- **Consistent Product**
 - Same product, all the time
- **Easy to Operate & Maintain**
 - Set your ratio and the equipment does the rest
 - Fewer service calls
- **Simple Product Storage & Handling**
 - Shelf stable products
 - No refrigeration or thawing required
